## Large Majority Passes Resolution Declining to Grant Request; House to Adjourn on Saturday.

(BY A. P. NIGHT WIRE.)  
WASHINGTON, June 1.—President Wilson's plan for an Armenian mandate over Armenia was rejected in the Senate today by a vote of more than 40 to 1. Thirteen Democrats voted with the united Republican majority on the final roll call and the resolution, respectfully declining to grant congressional authority for the mandate, was adopted, 48 to 25, in a vote decided by the Republican leaders.

The resolution will be sent to the House tomorrow and leaders there expect it to pass without change. It was adopted by a majority of 48 to 25, with 13 Democrats voting with the Republicans. The resolution was given in the Senate today by the Democratic leaders, who had been expected to do so. The resolution was adopted by a vote of 48 to 25, with 13 Democrats voting with the Republicans.

Another by Senator Pittman, Democrat of Nevada, empowering the President to give administrative advice to Armenia without employment of armed forces, was voted down without a roll call. A bill providing for the general salary increase of postal employees, recommended by the Joint Congressional commission, was reported out by the House Postoffice Committee. Chairman Steiwer said effort would be made to pass the bill before adjournment.

W. J. Bryan, appearing before the Senate Labor Committee, urged creation of a permanent tribunal of investigation for the adjustment of labor disputes. The committee is considering legislation to carry out recommendations of the National Labor Relations board. Under Bryan's plan the tribunal would leave the parties to the controversy full freedom of action after the case had been fully investigated. The only agency for enforcement, he said, would be public opinion.

Without a record vote, the House today adopted a resolution offered by Representative Mendenhall of Wyoming, declaring that the Armenian people are entitled to self-determination. The resolution was adopted by a vote of 219 to 197.

# ARMENIAN MEN IN BOMB PLOT?

(EXCLUSIVE DISPATCH.)  
WASHINGTON, June 1.—Months of preparation came to a climax today as a black powder bomb of tremendous power was touched off at the Federal Armory and Test Company, which has been having trouble with the labor union. The explosion came at 8 o'clock this morning and the building was destroyed.

The force was felt a mile distant and windows for two blocks in that direction were shattered. The explosion was a result of a plot by Armenian men, who were suspected of being involved in the bombing of the Federal Armory and Test Company. The plot was uncovered by the Federal Bureau of Investigation, which had been investigating the matter for some time.

Added Enthusiasm Given With  
Arrival of Californian  
in Chicago.

(EXCLUSIVE DISPATCH.)  
CHICAGO, June 1.—The Hoover headquarters at the Congress Hotel took on added life today with the arrival of Californian supporters. Ralph Arnold, of Los Angeles, one of the group of men who started the Hoover boom, is here, and will remain until after the convention. He will take charge of the Hoover campaign.

"Many things can happen in the days left before the convention," said Mr. Arnold. "Hoover sentiment is crystallizing rapidly in the East and in the West. Delegate after delegate has assured me that if Hoover is elected, he will have received instructions to vote accordingly. These delegates will undoubtedly vote for Hoover after the first two or three ballots. There is one great misapprehension as to Hoover and his attitude toward the Republican party. Hoover is a party man and doesn't forget it."

"Hoover, if you remember, when he was elected, was vice-chairman of the Industrial Commission—one of the biggest pieces of work undertaken by the present administration. He was working for relief measures through for the starving children in Europe. Both necessitated that he adopt a nonpartisan position. That is why he delayed in announcing of party affiliation."

There is a surprising amount of sentiment in favor of the nomination for President of Senator La Follette in the Northwest, according to Mr. Arnold, who also says that throughout the Western States, the sentiment is in favor of the Progressive party. The only agency for enforcement, he said, would be public opinion.

## SUFFRAGE RATIFICATION URGED BY REPUBLICANS.

National Committee in Unanimous Action; Mrs. Oscar Straus Heads Hoover New York Workers.

(BY A. P. NIGHT WIRE.)

CHICAGO, June 1.—On motion of T. Coleman Dupont of Delaware, the Republican National Committee today unanimously adopted a resolution calling on Republican States which have not done so to pass the woman suffrage constitutional amendment.

Ralph Arnold, vice-chairman of the Hoover Campaign Committee, who has been looking after Mr. Hoover's interests in the West, arrived here this morning, and took charge of the local headquarters.

He announced that fifteen women from New York headed by Mrs. Oscar Straus and Miss Edith Morgan would arrive here a few days before the opening of the convention to work for Hoover.

Presidential row took on increased activity today, swarms of national committeemen, delegates, politicians and visitors streaming into headquarters of their favorites for the Republican nomination.

Additional workers from New York and Los Angeles came to the Hoover headquarters which were crowded from early morning until late at night, when the arrival of Harry Chandler, campaign manager for Senator Harding, drew a liberal number of visitors.

William H. Crocker, national committeeman from California got to today, and absenting himself from the meeting of the national committee made calls along Presidential row, paying his respects to the men in charge of Senator Johnson's headquarters.

Senator Messer injected added enthusiasm into the Wood campaign by appearing at headquarters early, and issuing a statement in which he predicted that the general would win beyond all peradventure of a doubt.

It developed today that there will be two contests in the Illinois delegation when that body meets to select its new national committeemen. Not only will William H. Thompson, mayor of Chicago, be a candidate for re-election as national committeeman from Illinois, but he also will be a candidate for the Illinois member of the Resolutions Committee.

He will be opposed by the Lowden forces in both contests, according to word issued from Lowden headquarters, campaign manager for Senator Harding, drew a liberal number of visitors.

The first woman delegate to put in an appearance here arrived today, Mrs. Veronika Swan of Joplin, Mo.

Another headquarters of a Presidential candidate made its appearance along Presidential row today. Campaign workers of Senator Poinsett of Washington opened rooms and issued an announcement that the Senator's campaign will be conducted from here. Senator Poinsett will arrive in Chicago June 4.

Edward Randolph Wood of Philadelphia, who carried the Pennsylvania Presidential preference primary, arrived this morning and announced that he had not as yet found anyone to present his name to the convention. Whether or not the Pennsylvania delegation will carry any or all of its seventy-six votes for him has not been decided. Mr. Wood said he is negotiating with a delegate from another State to make his nominating speech.

Mr. Wood is first vice-president of the Philadelphia Board of Trade.

CONTEST DECISIONS.

Another slow-going session with little progress in actual results marked the work of the Republican National Committee today in its course of deciding the claims of contesting delegates.

The contesting of two regularly reported delegates from the District of Columbia, said to be favorable to Maj. Gen. Leonard Wood, and an extended hearing of the Georgia contest involving delegates pledged to Wood and another group counted as favorable to Lowden, was the principal business of the day. The committee declined to reopen its action of a year ago by which it seated Emilio Cordero and Ben O. Davis as national committeemen from Louisiana. The appeal of Frank C. Lamb of New Iberia was denied.

At the outset of today's session the committee expected to hear the report of a subcommittee and close up the three-cornered fight from Florida, which was begun Monday. But the question of law and fact turned out to be so voluminous that the committee adjourned at 11 o'clock.

Walter H. Thompson, mayor of Detroit reported that the only conclusion it was prepared to report today was that the Florida delegates, headed by A. L. Church of Jacksonville, had no claim on which the committee could act.

As to the contest between the regularly reported factions led by National Committeeman Dean and the other headed by H. L. Anderson of Jacksonville, the subcommittee recommended a rehearing, which probably will come tomorrow.

Looked upon as the first real contest of actual political significance and having a bearing on the strength of the Wood or Lowden men, the Georgia contest drew a large audience, of which a large number were southern negroes.

The contest opened with a dash of oratory and considerable fury, and at the end of four hot hours, the committee found itself confronted with such a mass of conflicting claims, arguments, charges and counter charges, that it appointed a subcommittee to examine the documents and make a report on the matter.

Henry Lincoln Johnson, an Atlanta negro, heads the regularly reported delegation which is a 10-1 vote in the Lowden column. The contesting delegation, known as the Pickett faction, is pledged to Gen. Wood.

The Pickett faction means seven seats for Wood or Lowden, and a decision is expected tomorrow. The contest ranges about about a bolt, but the National Committee decided it would have to study the evidence to decide who led.

Duplicate convention rolls and credentials figured in the evidence.

SEATING IS DECIDED.

Although the committee was prepared to hold a night session, the next contestants on the program were not ready and the plan was abandoned, with the understanding that at the meeting of tomorrow's morning the committee would meet to decide the seating of the delegates.

The committee today made final its decision to seat all the excess delegates on the convention floor in extra spaces and to let the excess delegates find seats among the spectators.

WOMEN WELCOME G.O.P. ARRIVALS

Feminine Participation in Convention is Real.

But Cold Shoulder is to be Given to Militants.

At Least One Millinery Creation Has Made Hit.

(EXCLUSIVE DISPATCH.)

CHICAGO, June 1.—Women are to have an important voice in all activities of the Republican National Convention.

They are lining up for their favorite candidates, and are giving old-time politicians a glimpse of speed and resourcefulness.

The women are trying to make everybody welcome, and to assure the visitors of a pleasant sojourn in the city. The "welcome" sign, however, is not out for a long bunch of professional pickets who are expected to be coming from Washington to put over their customary stunt of picketing the Coliseum, the hotels and parading the streets bearing suffrage banners.

It is said to be part of the plan of these unwelcome visitors to get into all meetings wherever possible, and heckle the speakers, and in general to make themselves downright nuisances.

Women here do not want these professional militants. They argue that their tactics will do the cause of suffrage incalculable injury and alienate the support of men who are counted upon as friendly to suffrage.

Fifteen women from Philadelphia will arrive this week to join the Hoover boosters. In addition there will be a large delegation of New York women, also "Hoover boosters," including Mrs. Herbert Pratt, Mrs. Oscar Straus, Miss Edith Morgan, Miss Mabel Choate, Mrs. Willard Straight and Miss Martha McCook.

HONOR MRS. BURDETTE.

Mrs. Robert Burdette of California, has been asked to serve the National Executive Committee of the Hoover campaign. Miss Margaretta Wells of Minneapolis, Mrs. Walter McNab Miller of Missouri and Mrs. Charles Henry Dietrich of Nevada have also been chosen for this committee.

Lowden women of the Hamilton Club will meet Friday afternoon and inaugurate their campaign. The Lowden women are cutting out the pink tea, and small social affairs, and centering their work on seeing that every delegate to the convention is comfortably housed and transported in the way of automobile.

The Hoover women are strong for the afternoon tea campaign. They also serve doughnuts and coffee to "solidify the argument."

Women who are boosting Gen. Wood's chances will meet the delegates and hand them a small gift basket containing candy and a Wood button. The presumption is that if the recipient will eat the candy and push the button, he will be voting a kind word for the general.

The Rhode Island delegation includes several women. They are not delegates and have not yet won a vote, but they are hopeful. They are headed by Mrs. R. Livingston Beckman, wife of the Governor.

Mrs. Veronika Swan, a delegate from Missouri, has sprung a hat upon "Presidential row" which is exciting much favorable comment and she has already granted permission to three women of the Lowden camp to borrow her copies made of it. It is a rose Pansie velvet creation and about the nicest lid so far in sight.

All the women visitors are bringing in numerous trunks and valises containing gowns for every conceivable function. These range from flimsy creations that will be discarded for the most exclusive functions, to costumes that will be proper for the most formal occasions.

They are also bringing their bathing suits, riding outfits, smart street suits, and, in fact, about all the clothes they have as to be ready for any eventuality.

An array of women decorated with gorgeous badges and Johnson "for President" buttons will be at the station Thursday afternoon to greet the California Senator when he arrives. There will be a street demonstration and a reception at the Johnson headquarters.

## BRYAN'S BURIAL IS ALL PLANNED.

Wilson Democrats to Plant Him Deep, They Claim.

Sharpshooters Ordered to Get Him at Convention.

His Opposition to President to be Fatal—Maybe.

(EXCLUSIVE DISPATCH.)

WASHINGTON, June 1.—Taking it from the Wilson Democrats, who are rallying around the flag of administration loyalty, William J. Bryan has about as much chance at the San Francisco convention as an unprotected American has in Mexico.

"Get Bryan and get him quick," is the order that has gone out from the mobilized Wilson forces, who are determined to obliterate him. There is every indication that they have control of the convention machinery, and the staff officers are said to have the word from the commander-in-chief to let Bryan have both barrels, loaded for his opposition to the President's treaty policy, and the other for his insistence upon stirring up another fuss over the dead and gone demon run.

Plans for the Bryan taking-off are known to have been the subject of grave discussion at the Cabinet meeting today, with the President one of the interested participants. After the Cabinet had concluded its session, devoted, it is said, almost exclusively to politics and the issues involved, there were no statements made. But when the word of what happened had been passed along from the staff to the line officers, a well-defined idea of what Mr. Bryan has coming to him at the Golden Gate was carried for publication.

According to the accounts of the preparedness measures undertaken by the administration generally, the sharpshooters have all been assigned to their pillboxes and the "Fitzie-boy" from the Platts is doomed as soon as he sticks his head above the anti-administration trenches.

CRUCIFIED—MAYBE.

To put it the way some of Mr. Bryan's most vehement Democratic opponents have put it in discussing the forthcoming tragedy confidentially, the former Secretary of State is going to be crucified on his cross of treaty ratification with reservations, and buried with his "dry" crown of thorns jammed down hard on his own brow.

Following his conference yesterday with Homer Cummings, Democratic national chairman and key-note for the convention, the President took the Cabinet members into his confidence today on the political phase of things as he sees it. The determination that there shall be no deviation from the Wilson policy of insistence upon treaty ratification without nullifying reservations was declared to have met with unanimous Cabinet approval. The determination also that the liquor issue should be left alone also was approved, perhaps not unanimously but overwhelmingly.

Secretary Daniels, it is believed, would be satisfied to have the party incorporate Mr. Bryan's dry enforcement plank in the platform, but the "more practical minded" members of the Cabinet think it would be wise to let the subject alone on the theory that the issue is settled once for all and that there is no use rubbing it in on the poor "wets."

In these decisions, the administration leaders found themselves confronted with Bryan, and they are agreed that his front must be turned back with an overwhelming force. From all present appearances they will be able to execute the maneuver.

The Cabinet, it is understood, did not talk about candidates, but it is generally understood that President Wilson's name will not be presented to the convention as a candidate for the nomination. What is wanted is a good Wilson Democrat who will stand out boldly for ratification of the peace treaty and League covenant in the fight before the people over that issue in the campaign. If it is McAdoo, the President, it is said, will be pleased. If it is not to be McAdoo, any strong candidate who will not sidestep the principal issue will be acceptable to Mr. Wilson.

DAVIS IS MENTIONED.

Ambassador John W. Davis, the President is said to regard as a good man. He also looks with favor on Secretary of State Colby. Atty.-Gen. Palmer's chances are not so much talked about in administration quarters as they used to be. What the reason for this is no one seems to know, but it is a fact.

While Mr. Wilson's name is not to be placed in nomination, the convention plans call for a great Wilsonian demonstration. Chairman Cummings's keynote speech is to be a tribute to the President, the like of which has not been sounded in American political forums in many years. The President will be pictured as a martyr to the cause of the world democracy and peace, being cruelly persecuted by political enemies.

## SUFFRAGETTES WILL LOBBY REPUBLICANS.

(BY A. F. NIGHT WIRE.)

COLUMBUS (O.) June 1.—Unless Delaware tomorrow ratifies the Federal woman suffrage amendment, thereby putting it into effect, the National Woman's party next week will have a line of women pickets in front of the Republican convention hall in Chicago, Dr. O. Hayden, Columbus, chairman of the National Woman's party declared tonight.

"We want to know if the national Republican party will permit Delaware to keep the ballot from 27,000,000 women," Dr. Hayden said. "Unless Delaware ratifies by Wednesday evening a delegation of the National Woman's party will go to Chicago to protest."

[Editor's Note.—The above picture is one of the most recent of the famous outlaw, taken by Gerald Brandon, special correspondent, at the point in the mountains, 200 miles from Chihuahua City. The most determined attempt ever made is in progress to end the career of this picturesque character.]

LAREDO (Tex.) June 1 (By the Associated Press).—El Porvenir of Monterey, in yesterday's issue published a Mexico City dispatch quoting Gen. P. Elias Calles as saying that "a circle of troops" are being placed around Francisco Villa in Chihuahua with the view of retarding pursuit by government troops.

Gen. Juan Andres Almazan and other generals are to be sent to Chihuahua to take the field against Villa, El Porvenir says it understands.

WASHINGTON, June 1.—Both rail and telegraphic communication between Santa Rosalia and Jimenez have been cut, presumably by Francisco Villa, the State Department was advised today by the American Consul at Chihuahua city. The Consul said the train which left Chihuahua city Sunday for the south was obliged to return reaching Santa Rosalia.

EL PASO, June 1.—Defensas Sociales, the Chihuahua State troops under Gen. Ignacio E. Arriaga, clashed with forces of Francisco Villa, the bandit, Monday, according to a telegram received here today by Luis Montes de Oca, commercial agent for the de facto government of Mexico.

day against referendum on Federal constitutional prohibition act, eliminates any possibility of a referendum in Nebraska on the legislative ratification of the national prohibition amendment. Secretary of State Ansberry said today.

Nebraska's Legislature was the thirty-sixth to ratify, and its action January 16, 1919, furnished the requisite number of ratifications to make nationwide constitutional prohibition effective. Later opponents of the amendment secured a District Court order for a referendum, but Secretary Ansberry appealed to the State Supreme Court, where the case is still pending.

## NORTH DAKOTA DECISION.

(BY A. F. DAY WIRE.)

WASHINGTON, June 1.—The Supreme Court today refused to interfere with decisions of the North Dakota Supreme Court declaring constitutional a series of State constitutional amendments and statutes to carry into effect an industrial program in North Dakota and permitting State bond issues to finance the enterprises.

North Dakota Supreme Court decisions holding corporations chartered within the State, but located elsewhere, subject to State taxes upon the value of their capital stocks, were upheld in deciding appeals from judgment for \$50,000 representing taxes imposed against the Cream of Wheat Company.

## OHIO RATIFICATION STANDS.

(BY A. F. DAY WIRE.)

COLUMBUS, June 1.—Action of the Supreme Court at Washington today in holding that Federal constitutional amendments cannot be submitted for ratification to a referendum in the States having referendum provisions in their constitutions means that the vote of the Ohio Legislature in ratifying the Federal prohibition and the Federal woman suffrage amendment will stand.

Government appeals in the Federal anti-trust suit against the Quaker Oats Company were dismissed today by the Supreme Court on motion of the government.

The Supreme Court failed again today to decide the validity of the prohibition amendment and portions of the enforcement act and recessed until next Monday when the present term will close.

WASHINGTON, June 1.—Provisions of the War Revenue Act requiring the President and Federal judges to pay an income tax on their salaries were declared unconstitutional today by the Supreme Court in a seven-to-two decision.

Under the Act the President paid an income tax of \$75,000 a year, approximately \$16,000 in taxes. Revenue already collected under the invalid provisions will under the

court's decision be refunded by the treasury.

The Supreme Court's decision was on appeal by Federal Judge Walter Evans of Louisville, Ky., from lower court decrees dissolving a suit brought by him to recover taxes involuntarily paid.

Justice Vandever, who rendered the majority opinion, held that the revenue act violated constitutional provisions prohibiting the diminution of such salaries. The majority opinion held, however, that a Federal judge was not exempt from tax on his private income, or on his property.

Justice Holmes rendered a dissenting opinion in which Justice Brandeis concurred. He declared that no reason existed why Federal judges should be exempted from the income tax.

After a brief executive conference following the rendering of opinions, the Supreme Court recessed until Friday.

## GERMANS RIOT OVER POLITICAL CAMPAIGN.

(BY CABLE AND ASSOCIATED PRESS.)

LONDON, June 1.—Riotous disorders are taking place in Germany as a result of the political campaign in that country, according to a Berlin dispatch to the Exchange Telegraph Company. A meeting of the Democratic party in Berlin Sunday ended in a serious fight. It is said, Communists attacking nationalists with sticks, beer glasses and chairs.

Everywhere in Germany there is great tension, the dispatch declares, and several land owners are said to have fled to Berlin to escape Communist violence.

General, are working in perfect harmony. "We have endeavored to get to the source of these reports, but without success," Gen. Wood said at his convention headquarters. "They are absolutely untrue, and we are not interested in the matter of destroying the morale of our forces. In this they have failed."

Gen. Wood said that the details of the management of the actual fight in the convention from his standpoint, had been perfected but were not ready for announcement. He said that he expected to have a conference with Mr. Hitchcock during the night.

ALL IS SERENE.

Mr. Hitchcock, Gen. Wood said, was busy at the Coliseum all day long so that he was not present at the round-up of the Wood leaders over which Gen. Wood presided. In the afternoon Col. Procter went to the Coliseum and there conferred with Mr. Hitchcock. Col. Procter remained at the national committee session for more than a half hour. Mr. Hitchcock was there all day long.

This statement from Gen. Wood, indicating the first move that he makes as the active commander in the field of his fighting men, was today's important news in the Presidential contest.

Gov. Lowden caught a severe cold while reviewing the Memorial Day parade. Monday night he had a severe chill and a high temperature. His physician ordered that he remain perfectly quiet in bed in his rooms at the Blackstone Hotel. The report tonight was that he has normal temperature. Unless plans are changed Gov. Lowden will go to Springfield, Sunday afternoon and will remain at the executive mansion there during the convention.

BOOSTERS BY TRAINLOADS.

Senator Harding gets to Chicago tomorrow night and will have personal headquarters at the Congress Hotel.

Senator Poindexter of Washington became an active contender when his Presidential headquarters were opened right in the center of the Presidential Row. A Poindexter special is bringing a heavy complement of boosters from the northwest that will get to Chicago Sunday morning. A second train will bring 200 Poindexter men from Seattle.

Senator Poindexter himself will arrive in Chicago June 4. The point insisted upon at the Poindexter camp was that the Washington delegates are for their Senator, "first, last and all the time." George H. Walker of Seattle has been named to place Senator Poindexter in nomination.

"The report recently circulated that the Washington delegation will merely give a 'favorite son' vote to the Senator, and then transfer their support to another candidate is utterly without foundation," said an official Poindexter statement.

WATCH FOR BREAK-UP.

"The Washington men expect that Senator Poindexter stands the best show as a compromise candidate, and he will furnish the real rallying point for delegates when the big break up comes."

This "break up" and its probable times of arrival during the balloting next week is for the purpose

of worrying every Presidential manager, and his lieutenants. Pending the settlement of the contests at the Coliseum there is a notable reticence among the claim makers to give out any prognostications. Everything indicated, however, a lightning of the lines in all of the camps.

INTERSTATE COMMERCE COMMISSION RULES THEIR TRADE NOT A VIOLATION.

(BY A. P. NIGHT WIRE.)

WASHINGTON, June 1.—Operations by the United States Steel Products Company of a line of steamers between ports on the east and the west coasts via the Panama Canal is held by the Interstate Commerce Commission not to violate the prohibitions of the Panama Canal Act.

While there can be no doubt, the commission said, that the applicant is interested in railroad lines which might be competitive with the railway of the country, and probably for some time will be faced with an acute condition of car shortage," the opinion said, "and they are, and undoubtedly will be, taxed to their utmost capacity to render in a reasonably satisfactory way the service demanded of them."

SEATTLE, June 1.—Fire, which started late last night in the superstructure of the liner Suwa Maru, near the bow, near here, caused damage to the first cabin and officers' quarters, estimated at \$50,000, sent 120 stevedores passengers in a rush to the dock and for a short time threatened the ship's cargo, valued at \$5,000,000.

SHOWDOWN OF WETS AND DRIES PREDICTED.

(BY A. P. NIGHT WIRE.)

CHICAGO, June 1.—A prediction that the wets and the dries would go to a clean-cut and above-board showdown at the Democratic National Convention at San Francisco, was made here today by Wilbur W. Marsh, treasurer of the Democratic National Committee and committee man from Iowa.

"If the wets can produce a two-thirds majority on the vote for a liberal plank in the platform, Gov. Cox of Ohio, in my judgment, will be the nominee of the convention," Marsh said.

Cleveland Plumbers go on Strike.

CLEVELAND (O.), June 1.—Between 500 and 600 plumbers struck today following refusal of employers to grant demands for \$12 for an eight-hour day and furnish all tools. The old contract, which expired today, called for \$1 an hour. Under this agreement the workers furnished most of the small tools.

LONGSHOREMEN STRIKE BREAKS.

Philadelphia Water Front Walkout Weakens.

Sugar and Banana Cargoes Being Unloaded.

Twenty Cargo Vessels Are Sent Elsewhere.

(REUTERS DISPATCH.)

PHILADELPHIA, June 1.—The first break in the I.W.W. longshoremen's strike on the Philadelphia waterfront took place today when several hundred men went to work on the piers. While the number of men at work is only about one-fifth of immediate requirements, shipmen have hopes that the others will follow and relieve the congestion now blocking railroad tracks and tying up thousands of tons of ship bottoms awaiting loading and unloading of cargoes.

Two cargoes of raw sugar were unloaded at river front refineries by stevedores not members of the I.W.W., under the protection of the police. Many of the men declared they would not have quit work but for threats made by members of the I.W.W. The latter made no attempt to interfere with the workers.

BANANA CARGO ARRIVES.

A vessel of the Atlantic Fruit Company arrived here this morning with a cargo of green bananas. The company decided to pay the dollar an hour rate demanded by the strikers rather than stand the loss which would be caused by the hot weather ripening the fruit. The I.W.W. members discovered a number of outsiders at work and walked off the job, but returned after the company refused to discharge those not carrying union cards.

Several hundred cars loaded with export cargoes stand along the river front and many ocean liners are at anchor in the river awaiting the transfer, the demurrage to both the steamships and railroad cars is mounting rapidly, and the officials are hopeful that the strike will come to a speedy end, so that the congestion and financial loss may be stopped. The Cunard Line steamships Vigilia and Vascoia are waiting to load several thousand tons of steel rails and plates for London and Liverpool, respectively, being scheduled to sail on June 4.

Twenty cargo ships carrying foodstuffs, three of which are bound here from the Pacific Coast under Shipping Board charters, have been diverted to other ports for unloading.

BOLSHEVIK FORCES FIGHTING POLES IN TARASCHKA REGION RETIRE.

(BY A. P. NIGHT WIRE.)

WASHINGTON, June 1.—Japanese and Bolshevik forces were engaged in a battle between Chata and Verecani Udinsk Saturday, the State Department was advised today by the American Consul at Harbin. No details were given.

LONDON, June 1.—Russian Bolshevik forces fighting against the Poles and Ukrainians in the Taraschka region, south of Kiev, have retired to new positions after fighting with superior enemy forces, says an official statement received here by wireless from Moscow.

Several villages in the neighborhood of Molodechno, northwest of Minsk, have been reconquered by the Bolsheviks. In this sector the battle continues.

As the first result of yesterday's meeting of Gregory Krasin, Russian Bolshevik Minister of Trade and Commerce, with Premier Lloyd George and members of the British Cabinet, the soviet government, according to the Standard, has been granted permission to open immediately a central trading office in London.

BRITISH ADMIRALTY SILENT ON PROGRAM.

(BY CABLE AND ASSOCIATED PRESS.)

LONDON, June 1.—In the course of a discussion in the House of Commons today on the naval estimates, an attempt was made to elicit details of the future naval policy. Carlton E. Lallier, Unionist, wanted to know whether the fleet would be concentrated in home waters, or whether Great Britain should have a great Pacific fleet. He thought that now there was no menace in the North Sea, England must have an outlook on the Pacific.

Walter Hume Long, First Lord of the Admiralty, said there was a whole series of questions regarding future policy before the committee on imperial defense, and whatever statements of policy were possible would be made at the proper time.

OUST DIRECTORS FROM MODESTO WATER BOARD.

(BY A. P. NIGHT WIRE.)

MODESTO, June 1.—J. B. Trank, Allen Talbot and A. W. Stratton, directors of the Modesto Irrigation District, were recalled at an election held here today. E. L. Routh, H. J. Coffey and K. W. Guyler were elected to succeed the recalled directors.

The recall of the three directors followed failure of the Modesto Irrigation Board to reach an agreement with Turlock Irrigation District for the construction of the \$4,000,000 Don Pedro dam, and reservoir for which bonds have been voted.

FAIRFIELD FAMILY TO HOLD REUNION.

(BY A. P. NIGHT WIRE.)

CHICAGO, June 1.—Five sons, two daughters and seven grandsons of the late Edmund Burke Fairfield, one of the founders of the Republican party, will attend a family reunion here from June 6 to 10. Fairfield was a cousin of "Stonewall" Jackson. He was elected State Senator in Michigan in 1816 and became Lieutenant Governor in 1818.

The Remarkable Experience of Mrs. Ann Johnson, 1232 E. 28th St., Los Angeles, Cal. She Was Ordered to the Hospital to Have One Kidney Removed.

The ambulance was ready to take her to the hospital and sympathetic friends were around weeping as they feared the results. It seemed for her to undergo a dangerous operation. The devoted daughter and friends shared the poor chance for her recovery, interceded and refused to let her mother to go. At a last resort a bottle of McBurney's KIDNEY AND BLADDER MEDICINE was purchased. One dose of which relieved her. Another dose improved her. The patient was improving from the weak and emaciated condition. McBurney's KIDNEY AND BLADDER CURE raised Mrs. Johnson from the threshold of sickness and for years she enjoyed perfect health.

RUSH CAMPAIGN  
FUND HEARINGS.Committee Trying to Arrange  
for Recess Thursday.Ohio Publisher Tells of  
Wood-Harding Contest.More Loudon Supporters  
Testify on Expenditures.

WASHINGTON, June 1.—A score of witnesses were here today to testify at the assumption of the Senate committee's investigation of the campaign expenditures of the Harding administration.

Robert F. Wolfe, publisher of the Columbus (O.) Dispatch, and the Ohio State Journal, was the first witness called. He testified that his papers had taken an active part in the recent Ohio Republican Presidential primary contest between Mr. Gen. Wood and Senator Harding of that State.

Wanted to Support Harding. "Politics in our State," he said, "are in the hands of an inside coterie of men, whom I have felt it a duty to expose. I wanted to support Senator Harding, but told him that I could not do so if his candidacy went into the hands of this group. Our fight afterwards was against an element in the Republican party rather than for any individual."

Senator Reed, Democrat, Missouri, asked what evidence of expenditure the witness had seen.

"My estimate is that each side in Ohio—Wood and Harding—made a fight that cost about \$100,000," he added. His own papers, he said, didn't care a snap for the advertising involved.

Frederick A. Jones, the next witness, said he supervised all the expenditures for Gen. Wood in Indiana.

"We spent between \$57,000 and \$60,000, \$17,000 of which is in unpaid bills," he said, adding that every precaution was taken to put the campaign program under terms of the Indiana constitution, although other candidates have taken the position this law does not apply to Presidential primaries.

Jones would not attempt to estimate expenses for other candidates.

NINE CHECKS PRESENTED.

Arthur E. Davis of Harrisburg, Pa., presented to the committee nine checks which he said were sent by Gov. Lowden's campaign manager to representatives of that campaign in Missouri. They totaled \$15,701.

Six of those checks, carrying a total of \$12,303, went to E. L. Moore of Kansas City, Davis testified.

The other three, the witness said, were sent out in January. One for \$1000 went to Fred Egan of St. Louis, he said, another for \$2500 went to Robert Moore, St. Louis, and the third for \$1100, went to Nat Goldstein, St. Louis.

Robert Moore testified that the money he received was to be used to meet campaign expenditures, for delegates expenses and anything he saw fit.

"I told Mr. Emerson (L. E. Emerson, Secretary of State for Illinois and national campaign manager for Gov. Lowden) that there wasn't any need for money for Gov. Lowden in Illinois," Moore continued.

"Well, you took the money. What did you intend to do with it?" asked Senator Spencer, Republican, Missouri.

"I have it now," Moore replied. "I intended to use it in the election in case Gov. Lowden was nominated. My present intention is to return it forthwith."

UNPLEASANT PUBLICITY.

"This intention," he added, "has been reached since I received all this unpleasant publicity. Moore said he was elected a delegate to the national convention. Nat Goldstein, who was present, also said that he was elected a delegate to the national convention. He told of the circumstances under which \$2500 was furnished him from Lowden funds. His story followed closely that given by Moore."

"Do you expect to return the \$2500?" Chairman Kenyon asked.

"I do, unless Gov. Lowden is nominated," the witness replied.

GIVE LIST OF WORKERS.

Moore and Egan gave from memory lists of State workers to whom they had distributed the money received from Emerson. The amounts ranged as a rule from \$100 to \$500, but in some instances went over \$1000.

Moore said three men on his list were national delegates, including William E. Cole, who is a delegate-at-large. The witness said he had given Cole \$500 for "headquarters" purposes.

Senator Kenyon promptly called attention to the fact that previous testimony before the committee showed Cole had received \$1500 to sound out sentiment for Harding. Moore said he had also expended personally, he added, \$32,000, or \$32,000.

"I was proud to do it. I would do it again."

NO SENTIMENT FOR LOWDEN.

One feature of the Missouri situation was the statements of Moore and Egan that when the Lowden project was first mentioned to them they believed no sentiment had crystallized for Lowden in Missouri. Both said they had personally favored the candidacy of Senator Johnson of California, as long as he had a chance.

Chairman Kenyon put in the record a letter from Daniel C. Roper, former commissioner of internal revenue, denying that he had opened a campaign headquarters for W. G. McAdoo in the Pennsylvania Hotel, New York City.

Fred M. Alger, appearing as president of the Lowden Wood League in Michigan, said the league had spent \$54,000 in the State, all of which was raised there.

Chairman Kenyon, reading from the national Wood statement, said it reported \$9000 in expenses in Michigan.

"That must have been for speaking or advertising," Alger replied, "which I did not know about. I contributed something over \$70,000 myself."

UNIVERSITY HEAD.

SANTA BARBARA, June 1.—Miss Grace Hampton of Santa Barbara and Roger R. Thompson of San Francisco were killed, and L. A. McLean of Oakland and Miss Gretta Wilson of Santa Barbara severely injured early this morning when the automobile in which they were returning to this city swerved into a stone bridge near Carpinteria.

The force of the impact when the car struck the wall of the bridge demolished the rear of the automobile. The gasoline tank exploded, setting fire to the wreckage. All the occupants were thrown clear of the car, although Thompson, whose skull was crushed by impact with the stone wall, fell back under the car and the lower portion of his body was burned to a crisp.

SAN FRANCISCO, June 1.—A telegram notifying them of the death of Roger R. Thompson in an automobile accident at Santa Barbara today was received here by the condensed milk firm of which Roger R. Thompson was a salesman. According to the firm he was the son of W. O. Thompson, president of the University of Ohio, Columbus, O. YRENO, June 1.—All of the retiring directors of the California Peach Growers' Association were re-elected here today after the reading of the annual report.

The payment still to be made will mean in cash more than \$350,000, bringing the total payment to 15 cents a pound for last year's crop and representing the largest sum ever paid to the peach growers for any single crop in history.

The present officers to be re-elected are F. H. Wilson, president; F. B. Nivander, vice-president and general manager, and A. B. Sunderland, secretary-treasurer.

NEW YORK, June 1.—A number of men working in the hold of the steamship Frohman, tied up at Brooklyn, were trapped today when fire broke out aboard the vessel. When the fire was discovered, the men were working in the hold. Six made their escape without difficulty, but the rest had to fight their way through smoke and flames. All escaped with minor burns.

FEDERAL CONTROL OF  
WHEAT PRODUCT ENDS.

GRAIN CORPORATION CEASES  
TO FUNCTION; STOPS  
PRICE GUARANTEE.

WASHINGTON, June 1.—Federal control of wheat and wheat products ended today, the wheat director ceasing to function under the limitation of the law creating his office and the Food Administration control ending by proclamation of President Wilson.

This means the passing of the government guarantee of \$2.20 a bushel for wheat established during the war as a means of stimulating production. As soon as some remaining contracts are carried out by the United States Grain Corporation, that body will turn over its business to the Treasury Department.

Licensing of dealers in wheat and wheat products has been in the hands of the wheat director and the Food Administration, and this automatically ended today. Dealers, except those having fixed contracts, are now free to buy and sell at such prices as conditions warrant.

Officials said the Grain Corporation had operated at a slight profit, but that the exact figures would not be known until the affairs are wound up.

CONSORTIUM IS A BINDING TIE.

Nations' For Eastern Question is Nearer to Solution.

Banker Avers Financial Aid to China Clears Path.

A Better Understanding Developed in Negotiations.

member of the New York Banking firm of J. P. Morgan & Co., who has just returned from the Far East where he was instrumental in effecting Japan's entrance into the consortium.

SOLUTION CLEARER.

"Japan's entry into the consortium upon precisely the same terms as England, France and America has advanced by at least one step solution of the Far Eastern problem," Mr. Lament said. "It is not simply the formation of this international group upon the formula proposed by the American government that is significant, important as that is, but rather the fact that in the process of organization there must have been developed a more complete understanding of the Far Eastern situation among the governments themselves, as well as among the strong banking groups which, with the consent of their governments, have formed this consortium."

FREE INTERCHANGE.

"I am informed that in the two years it has taken to form the consortium, there has been the freest interchange of views among the governments of the United States, Great Britain, France and Japan."

"I was received in Japan with the warmest cordiality by the members of the Japanese banking group, far

long ago they learned to speak the language of international co-operation in banking matters.

"Japan undoubtedly showed broad-mindedness and wisdom in waiving her reservations regarding Manchuria and Mongolia. She was courageous in recognizing that those reservations were of no value to her, and if maintained, would only serve as an inevitable bar to her entering a free and full partner in the consortium. One of Japan's leading men said to me: 'I want Japan to enter the consortium on the same terms as the other banking groups because the operations of the consortium will best develop China and from such development Japan will benefit most, because through the consortium the four nations will be brought into closer touch; and because Japan alone has not the resources wherewith to develop China.'

THE FIRST STEP.

"We must remember that the formation of the consortium is but the first step in a long and arduous pathway. The banking groups will have to display toward one another great patience and great tolerance. Conditions never function readily; international partnerships always prove difficult, but the fact that we are all engaged in one enterprise and with one object in view, namely, the welfare of China, ought to weld us together and make our operations successful."

POLICY CONSISTENT.

"The policy of the United States government respecting the Far East has been criticized in the past as not having been altogether consistent. But in this particular matter of the consortium, since the government took it up almost two years ago, its policy has been consistent, energetic and courageous. But the success of the consortium and the maintenance of American trade in the Far East rest, in the last analysis, not upon governments, but upon private citizens and upon their support. For this new plan of Far Eastern cooperation I bespeak your cordial support, your thoughtful interest and the free expression of your views."

(BY A. P. NIGHT WIRE.)

TACOMA (Wash.) June 1.—Claude Sellers, alleged Industrial Workers of the World leader, and T. C. Hardy, charged with burglary, burned their way out of the City Jail here today. Sellers, it is said, once was editor of the Butte Bulletin, official organ of the Metal Mine Workers' Union.

NEW YORK, June 1.—Dr. Edward A. Rumely, at one time during the war owner of the New York Evening Mail, was placed on trial here today in Federal court charged with conspiring to violate the Trading with the Enemy Act. S. Walter Kaufmann and Norvin R. Lindheim, attorneys, are defendants.

HELD FOR GERMANY.

They are charged with preventing the United States from seizing and assuming control of the stock of the S. E. McClure Newspaper Corporation, which owned the Evening Mail, and it is alleged its stock was held by Rumely in behalf of the Imperial German government. The indictment charges that in making their report to the Allen Property Custodian the defendants omitted to state that the property was German-owned.

SUGAR WARNING SENT BY HOOVER.

Copy of Cable from Paris Made Public in House.

Sent Word to Wilson Policies Must be Determined.

Ignored by White House, Says Congressman Tinkham.

decisions as to sugar control in this country in order to anticipate the marketing of a new beet harvest and to settle the policy with Cuba for the coming year.

"Any continuation of control will require action by Congress," Hoover said, "and it must embrace appropriations, the elimination of power and embargo, control of speculation, profiteering and distribution."

Referring to his recommendation in 1919 for purchase of the Cuban crop jointly with the Allies, which was done, Hoover said at the time his cablegram was sent, the United States was the only large nation possessing liberal supplies for the entire year and at a saving of 4 cents a pound under the world price.

"Decision must now be made," he added, "as to whether Congress should be recommended to legislate authority for the continuation of these measures over the year 1920 providing again for purchase of the Cuban crop and the control of domestic production, stabilization of price and distribution."

Hoover called attention to his lack of intimate knowledge of affairs at home, after an eight months' absence on European relief work, and suggested that Senator Thomas Prof. Tinkham, Mr. Zerkow and other members of the Sugar Equalization Board to present their recommendations in the matter independent of himself.

In the event they should decide to proceed to Congress that control be continued, Hoover urged that a chairman be named in his place.

Tinkham, author of the resolution for the sugar investigation, declared Hoover's warning was reinforced by a request from the sugar board for executive approval and purchase of the Cuban crop and that both warnings were unheeded by the White House.

### SPEED UP RAIL STRIKE CASES.

Judge Takes Hand; Result is a Full Jury Box.

Consolidate All Indictments for Hearing Here.

Kittie Will be Witness for the Prosecution?

Unusual speed was developed yesterday in U. S. District Judge Blodgett's court in impaneling a jury to try the issues involved in the asserted wholesale conspiracy to paralyze freight traffic on the Santa Fe, Salt Lake and Southern Pacific last month, when outlaws worked engineers a walkout that caused a loss of hundreds of thousands of dollars' worth of perishable freight.

The regular panel of Judge Blodgett's court was exhausted in acquiring twelve men acceptable to both sides and a special venire of twenty-five persons was ordered by the court. These were more than sufficient to fill the jury box.

The examination of the prospective jurors was facilitated considerably by the court asking a number of questions touching their point of view in the case, covering the issues of labor, strikes and kindred subjects. With this mass of underbrush cleared away the selection of the jury was quickly accomplished.

IS A POINTER.  
A pointer on the probable line of action of the government as to witnesses was furnished when Asst. U. S. Atty. Palmer asked that the indictment against Hubert Kittie, former policeman, be ordered. It was so ordered. This means no doubt that Kittie, who was released at the time of his arrest on his own recognizance when everybody else had to give bond, will be a witness for the prosecution.

The jury as finally constituted, is made up as follows: Thomas E. Lamb, Robert Hutcherson, E. S. Coffey, John J. C. Rudbach, C. A. E. Smith, Charles F. Curran, R. N. Morris, R. Cohen, J. E. Dillay, John Carbone and Charles Spencer.

Following the completion of the jury, Asst. U. S. Atty. Palmer made a statement of the case to the jury. The taking of testimony in the case will begin this morning.

The indictment on which the defendants are being tried was returned by the Federal grand jury April 15 last, and charges a violation of the amended Federal law, to wit: providing further for the national security and defense by encouraging the production, transportation, supply and controlling the distribution of food products.

It is stated that on or about April 5 last, the accused conspired and combined to limit the facilities for transporting, supplying and storing many necessities, foods, feed and fuel, including many carloads of oranges and lemons, large quantities of potatoes, rhubarb, lettuce, cabbage, asparagus, live stock, etc., by means of agitating, calling and declaring a strike of the railway yardmen and switchmen, and other railway trainmen, etc., as could be induced to leave the employment of the railroad, leaving having their stations and yards in Los Angeles, viz: the Santa Fe, the Salt Lake and the Southern Pacific.

ALL PRESENT.  
The roll-call of the defendants disclosed the presence of the entire list, embracing not only those taken into custody in this city, but at Bakerfield, Colton, San Bernardino, Barstow and Fresno and elsewhere, as follows: R. W. Cullen, J. A. Cullen, Edward Malone, William Boles, Henry J. Burns, E. B. Bussey, C. E. Colby, G. C. Cornell, Henry W. Crumrine, Frank A. Cunningham, George M. Dunkin, Clarence Edwards, William G. Fannon, Harry Goodman, George Hanson, Clyde H. Jerrig, Edward J. Kealey, Hubert Kittie, A. E. Lawrence, Oscar F. Lefevre, Lou Linney, Guy A. Messick, A. N. Miller, M. W. Monahan, J. R. Morris, J. C. Rhodes, James Schofield, Norman Scott, R. C. Serf, Samuel H. Solomon, H. C. Tamm, James Wilson, A. A. Crosby, E. Christianson, Frank Neffin, A. J. and J. E. Alford, W. J. McCarthy, B. A. Bills and W. E. Schaffrey.

The attorneys in the case were announced as follows for the defendant: Joe Ruff of this city, H. E. Donnan of San Bernardino and B. J. Emmens and W. C. Dorris of Bakerfield; for the government Asst. U. S. Atty. Palmer.

As indictments had been returned in the northern district involving the same members, Asst. U. S. Atty. Palmer asked that they be consolidated with the Los Angeles case for the purpose of the trial. This was agreed to.

### IMPRESSIVE SERVICE FOR NEWSPAPER MAN.

MEN WHO SERVED IN FRANCE FIRE VOLLEY AT BURIAL OF DEAD COMRADE.

Three rounds from the rifles of soldiers and from a khaki figure in a clump of trees "Taps," the tribute of an army. Tears from the heart of a mother and from the hearts of friends—honors, the tribute of a nation. And the body of Arthur M. Nelson, soldier, man and writer was laid to rest.

Yesterday the last earthly respects were paid to Mr. Nelson, well-known newspaper man of this city, who died at the Barlow Sanatorium Sunday night. The services, in charge of the American Legion, Los Angeles Post No. 4, were attended by a large number of his former fellow-workers and soldiers from his company who served overseas with him.

The funeral was held in the chapel of Alvarado and Blue with Chaplain E. M. Stigers of the post officiating. He spoke of the soldier's work in this country and the sacrifice he made when he entered the army. It was while in France that he received his most serious attack, being gassed, said the chaplain.

### POLICE JUDGE CLEARS PASTOR.

Dr. C. C. Seiseman Not Guilty of Violating the City's Traffic Rules.

Dr. Charles C. Seiseman, pastor of the Trinity Methodist Church, South, will leave his church on June 14, when he goes to Dallas to take charge of the First Methodist Church, South, of that city with a clean record. He was found not guilty in Police Judge Frederickson's court late yesterday of a traffic violation.

Dr. Seiseman was arrested on April 13 by Patrolman Bergman and charged with having driven his automobile past a standing street car. He denied it. According to the testimony given by Patrolman Bergman and the street-car crew, Dr. Seiseman drove by the street car, but on account of other testimony introduced by the pastor, the court held that no violation had taken place.

\*\*\*\*\*  
dents of the valley city came with the Legion boys to the services. Mr. Nelson as a newspaper man went to Imperial Valley as correspondent for The Times. While there he became interested in the development work in the valley and was later appointed Development Agent of Imperial. Following his return from France he went again to El Centro and was then forced to go to Washington on business for the valley people. It was the exposure in the capital that hastened his death, it is said. He leaves a mother, Mrs. Mary Nelson.

BENCH WARRANT ISSUED.  
Andra Paure, defending an action by the Los Angeles Trust and Savings Bank for an alleged violation of a court restraining him from permitting his cattle to run over a piece of land owned by the bank, did not appear in Judge Shien's court yesterday and a bench warrant was issued for him. He was wanted to show cause why he should not be punished for contempt. The warrant was asked for by Attorney Chandler P. Ward, representing the bank.

SECOND TRIAL DATE SET.  
Judge Craig yesterday set September 1 as the date for the second trial of Paul Engstrom, accused of a state offense against Edna Odell on September 2, 1919.

The altar is beautifully adorned with Russell roses and delphinium arranged in baskets and vases. This background of pink and blue with tall palms and ferns is a charming setting for the couple. Miss Vickers will wear a Paris frock of net combined with hand embroidery and lace. She will wear a white hat of georgette and her bouquet is made of gray white anemones and cyclamens. After the ceremony there will be a breakfast for the wedding company at the home of the bride's mother, Mrs. J. V. Vickers of 524 Twenty-eighth street. ## SEE WHAT SHE HAD IN CELLAR.

Fifty-Gallon Keg of Whisky Taken by Burglars, Woman Doctor Reports.

Whisky burglars early yesterday morning took everything but the smell from the cellar of Dr. M. P. Goodwin, a female physician living at 4426 South Pasadena avenue, according to a report she made to the police yesterday. The loot was listed as one fifty-gallon keg of whisky and the contents of a partly filled keg.

The second keg was not removed, but the whisky was poured out into bottles. During the pouring a large amount of the liquor was spilled on the floor and the whole house was filled with a whisky smell, Dr. Goodwin states.

## THREE VOLLEYS AND TAPS FOR VETERAN.

MILITARY FUNERAL ACCORDED TO LATE THOMAS L. O'BRIEN, WAS ONCE COUNCILMAN.

With the sounding of taps by regimental buglers of the veterans of the Rainbow Division and three volleys of honor from a firing squad, made up of men who had been his comrades at the front, the body of Thomas L. O'Brien, war veteran and former City Councilman, who died at the Crocker-street Hospital May 25, following several months of illness, was laid at rest in the family plot at Inglewood Park Cemetery yesterday afternoon. Chaplain E. M. Stigers conducted the regular army ritual at the grave.

Funeral services were conducted at the chapel of Pierce Bros. South Flower street, by Rev. Carl Patton of the First Congregational Church. Many friends of civil and army life were present to pay their last respects to the man who had distinguished himself during the war and in the large number of civic affairs in which he took active interest in Los Angeles.

Of his old squad, who spent six months with him at the front acted as pall-bearers. They were Sergt. William Williamson, Leslie E. Rockhold, John R. Flood, Arthur Edmundson, Joe Hawkins and John R. Adams, members of the American Legion, were honorary pall-bearers. Draped with the Stars and Stripes, the casket passed from the chapel between the firing squad standing at "present arms."

Mr. O'Brien, who was born in Alma, Mich., in 1875, spent the greater part of his early life in school work, attaining responsible positions in the Michigan State schools. He was well known in Los Angeles for his work on the City Council and county grand jury, and as an active worker in civic affairs.

He received special recognition in scholastic work in France having gone there with the Rainbow Division as a private in July, 1917. He leaves a widow, Mrs. Dana O'Brien of 1803 West Twelfth street.

Anyone wishing to help this young mother may find her and the baby at the Y.W.C.A., 255 South Hill street.

Collins, Murderer of Police Officer, Pleads Guilty.

Woolwine Announces He Will Seek Extreme Sentence.

Robber-Killer Will be Told His Fate Next Friday.

The death sentence will be asked for Arthur Collins, as he calls himself, who shot and killed Patrolman Donald C. Hathaway, May 24, Dist. Atty. Woolwine so announced yesterday after Collins had pleaded guilty in Judge Willis's court to a charge of murder.

Mr. Hathaway had just left his home and was motoring to Central Police Station when he observed Collins holding up three pedestrians. The officer drove his car to the curb and demanded that Collins hold up his hands. Instead the confessed slayer shot and killed the officer.

Mr. Woolwine made the following statement regarding the case: "After a careful investigation of the matter, and its presentation by me to the county grand jury, I have come to the conclusion that this man should suffer the death penalty, and I shall so recommend to the court."

Collins's case was continued until Friday at which time he will appear for sentence. Public Defender Wood and Mr. Woolwine will produce testimony regarding the slaying.

Collins says he was down to his last 2 cents when he attempted the hold-up. He has a long record.

## TROUBLES MULTIPLY.

Accused Slaver who Married Girl Now Charged with Being Deserter.

Charles F. Carter, who was taken into custody here a week ago on the charge of having brought Miss Alma Thompson from New York to this city for an immoral purpose, but who married the girl in Hollywood last Saturday, following his release on \$1500 bond, was again arrested yesterday by Special Agent Connell of the Department of Justice, this time on a charge of being a deserter from the Army.

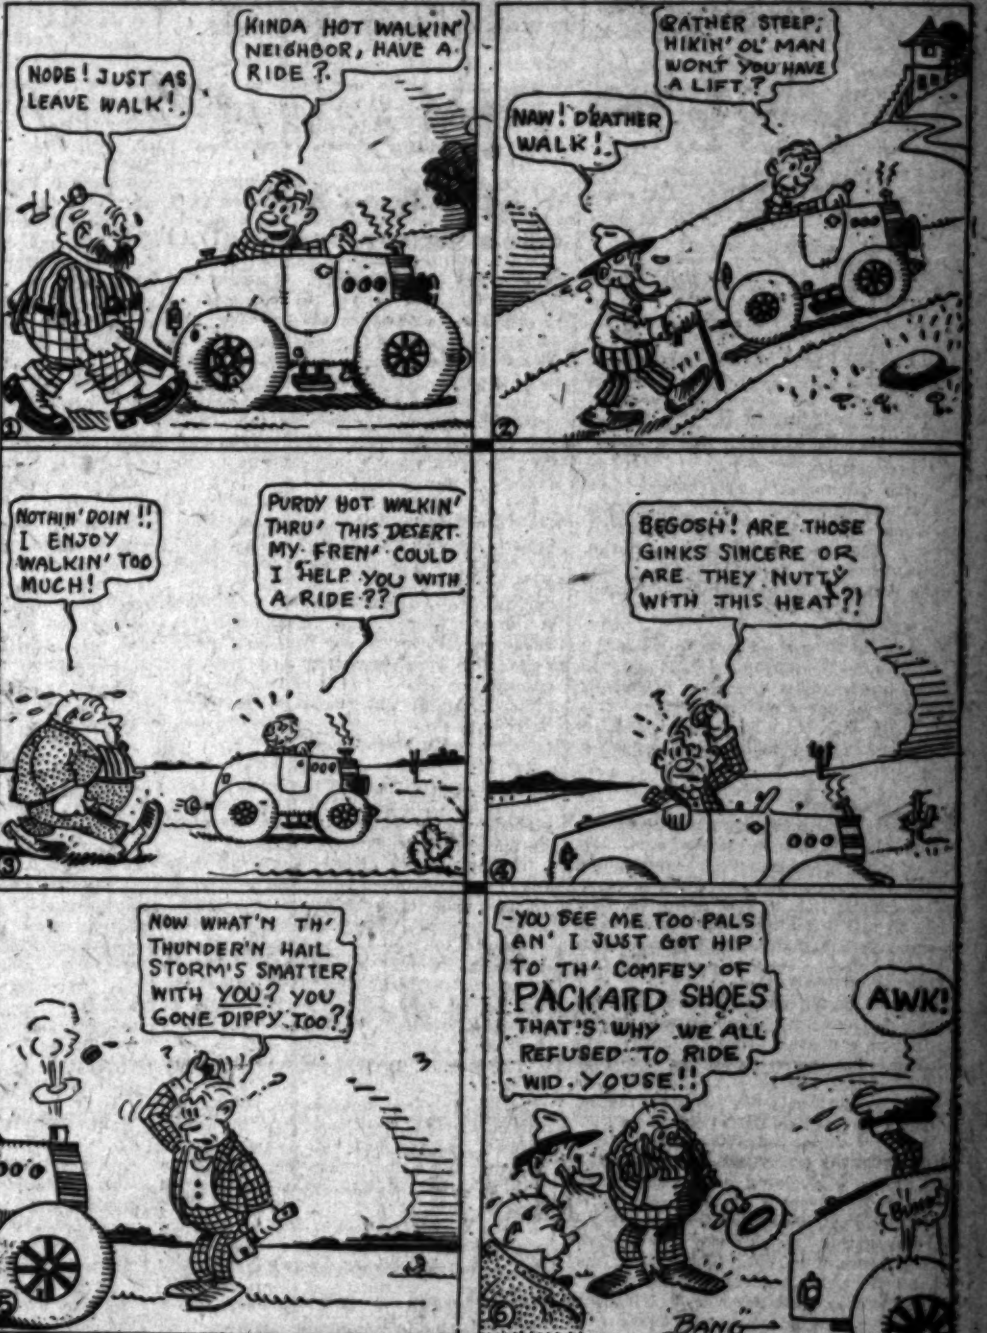

It is declared he deserted from Camp Upton, August 13, 1918. When arrested Carter, according to Agent Connell, had in his possession the discharge of another man in whose name he was posing. Carter admits that he is a deserter. He is now in the County Jail and as there is no provision for bail in such a case he will remain there indefinitely.

When picked up on the white slave charge, Carter's bond was fixed at \$2500, but he induced the United States District Attorney's office to recommend a reduction to \$1500. He then put up Liberty Bonds for his freedom.

# ORTEGA-KRUVOSKY DRAW.

Victorious as he was for a moment as if he was going to drop Krivosky, but the latter held to his guns and weathered the storm nicely. In the last session it was about as fast as a five and six ball as one could run up with in a month of Sundays. In the middle of the onslaught, Ortega landed some terrific blows and it looked as if Krivosky was tiring rapidly, but toward the end Krivosky rallied and fought back like a fighting fool, reaching his man a number of times with short straight rights and lefts. It was a fast, ferocious finish with each man whaling away for dear life and nothing but a draw could have justly been rendered by the referee.

Joe Fisher awarded the verdict over Tommy Celio and probably won through his ruggedness and the landing of a stiff left to the nose in the middle of the third round. Apart from this it looked very much as if Celio easily held his own. Tommy would often meet Joe with a right cross to the jaw when the sailor swung his right, and several of these blows drew the blood.

# OLYMPIC POSSIBILITIES.

High school track stars who are out regularly on the Coast League are fine prospects for the Olympic team if they continue in any indication. Among them are Don Nichols of Pomona, who is doing over 40 ft. in the high jump, and a couple of feet to this record. Nichols is of ideal build for this event. At present his fault is in taking too short a step in comparison with his hop and jump. Any jump over 45 ft. is likely to land an athlete on the Olympic team.

# TIGERS NICKED BY THE OAKS.

Chucker Wynn Too Much for League Champions.

Hot Weather Seemed to Have Unpepped Bengals.

Vernon Ball Tosser Smallwood Pelted Cruelly.

[EXCLUSIVE DISPATCH.]  
 SAN FRANCISCO, June 1.—Evidently the hot weather which struck our fair city took all the pep and dash out of the ball players, for the Oaks and Tigers were very languid today. The Oaks won 3 to 1, thereby pulling something of a surprise. On the dope the Oaks look a saw horse match against the Tigers, but they didn't seem to be in the ball club today.

There was absolutely no life in the game and the audience sat quietly and fanned itself from time to time waiting for the last man to be put out so it could wind his way home.

Wynn, the left-hander, was sailing along with a comfortable lead, when he suddenly lost control in the seventh and tossed four passes in a row, forcing in a run.

**DANGER OVER.**  
 Then Alcock shot a roller which Wynn turned into a double play and the danger was over. Umpire Holmes got in the habit of yelling "ball" in that inane and kept doing it even when Wynn got them over the plate. The heat got Holmes, too, probably.

Bill Easlick trotted out a large lanky youth named Smallwood, who pitched like a roller. The hand-throwing lad was a native of business to beat the Oaks. It was not believed that two pitchers like Dell could be found on this continent, but Bill Easlick found another one. He cannot scare his opponent by making believe he is going to pitch Dell and then shoot Smallwood at them.

The Tigers did not look like champions either at the bat or in the field. In addition to pitching poor ball, Wynn helped himself by getting three hits. The score:

## OILS IN INVESTMENT CLASS

During February we issued a circular with the above title recommending twelve stocks of which we believed a substantial advance in price was probable during the present year. At the time we issued this circular the market was in a state of depression and the price of these twelve stocks was very low. Since then the market has advanced and the price of these twelve stocks has risen to a level which is now very high.

It is now time to consider the possibility of a decline in the price of these twelve stocks. We believe that a decline in the price of these twelve stocks is now a possibility. We believe that a decline in the price of these twelve stocks is now a possibility.

## WETS AND DRY SKIRMISH.

Windle Address at Trinity Starts Hot Though Impromptu Debates.

Instead of one joint debate on the wet-dry question in Trinity Auditorium last night there were thirty. Former Lieut.-Gov. Wallace, as announced yesterday, was not present to debate with Charles A. Windle, editor of the Iconoclast, but there was a considerable sprinkling of people in the audience who were not only willing to get up and make a few impromptu remarks, but sometimes spoke two or three at a time in their eagerness.

Rev. A. R. Smart, a Methodist minister from Glendale, started the ball when Mr. Windle offered to yield for ten minutes to anyone who would undertake to prove that prohibition was Christian and that the protection of the weak should also apply to the strong.

"I accept that challenge," said Mr. Smart. "I do not want to debate here and now, but I will debate with you on the three propositions you make, as stated in The Times this morning, at any time and place fair to both."

On the banking of the Anti-Social League and I will debate with you, or any other man they put forward as their accredited representative," answered Mr. Windle.

Mr. Smart continued to contradict statements made by Mr. Windle throughout the evening. There were cries of "Get down!" "Get out!" and "Shut up!" but Mr. Smart refused to obey any of them. He read numerous verses from the twenty-ninth chapter of Deuteronomy and the fifth chapter of Isaiah in support of his assertions, and Mr. Windle read from the Bible to substantiate his assertion that wine making and wine drinking had the approval of God in the Old Testament and of Jesus in the New Testament.

ment. Mr. Smart, finally left, reiterating his challenge as he went out and accusing Mr. Windle of having dodged it.

The applause of Mr. Smart showed that there were many dry advocates in the house, and from all parts of the house they continually disputed with Mr. Windle.

H. H. Childers was chairman of the meeting and J. Porter Stein of Milwaukee, supreme national organizer of the Camels, a society the members of which assert that they can go seven days without a drink, but don't want to, also spoke. After the debates a meeting to organize the Camels here was held.

Will be Brought Here for Trial as Conspirator in Pass Fraud.

Annie Powell Bennett told too much when she wrote from Tacoma to a Los Angeles friend about her marriage to a man named Bennett of Tacoma. The letter fell into the hands of Stephen M. Connell, chief of the Department of Justice in this city, and now Mrs. Bennett is under arrest in Tacoma, charged with being a conspirator in the railroad pass fraud which resulted in the conviction of her supposed former husband, Theodore W. Powell, and a sentence for him of twenty-one months in the Federal prison at McNeil's Island. The letter, it is asserted, says that the young woman was never married to Powell, but that he is the father of her 18-year-old child, and also that the woman herself was "on the inside" of the counterfeit-ticket conspiracy.

**HEAD'S CAUGHT BETWEEN CAR AND WALL; OPERATOR IS ACCUSED OF FELONY.**

Maxwell Redwine, a 15-year-old Hollywood High School student, was perhaps fatally injured yesterday evening when he was squeezed between an elevator and the shaft wall at the first floor of the W. P. Story Building, Sixth street and Broadway. He was taken to the Redwine Hospital and Police Surgeon Goodrich operated on him immediately. His skull was crushed.

Charles L. Carpenter, operator of the elevator, was arrested by Detective Sergeant Cline and Cato after an investigation and was held in the City Jail on a felony charge of recklessness. He said he could not explain the accident.

The injured boy is the son of H. G. Redwine of 1413 Las Palmas street, an attorney with offices in the Hibernal Building. He was on his way to see a dentist when he entered the elevator and, as the car started, plunged against the door grating, bulging it out. Then his body dropped to the bottom of the pit.

By a unanimous vote the Board of Education last night adopted a motion instructing the secretary of the board to write to the agents for the Security Building at Fifth and Spring streets, complaining of the elevators in the building. This action was taken after President McCormick reported to the board that he believed the elevators unsafe.

William E. Record, business manager of the board, said he had taken the matter up with the city mechanical board. The Board of Education has its offices on the seventh floor of the building.

JURY DECIDES CHINAMAN WAS ROBBED; LENIENCY IS RECOMMENDED.

A jury in Judge Myers's court yesterday returned a verdict of guilty with a recommendation to leniency in the case of Walter E. Mortimer, former policeman, charged with entering the place of Lee Yung Ng, in Chinatown, and robbing him of a sum of money. Last week a jury in the case of Ralph Chin, who drove the automobile to the Chinaman's place, disagreed. In the case of Mike O'Garra, charged with the others of grand larceny, Dept. Dist. Atty. Randall moved for a dismissal on the ground that the evidence was not sufficient. The motion was granted by the court.

Mortimer testified that he thought it was a genuine raid on the night of March 25, but discovered subsequently it was not. He admitted he received \$40 of the proceeds of the robbery, but took the money with the intention of making a report to Chief of Police Home next day. He went home and to bed. The Chief, he testified, before he saw the Chief. He will apply for probation.

Another Side of H.C.I. Question is Presented by Clothiers.

Eastern manufacturers and importers are not at all convinced that the prevailing tendency of prices to tumble is going to continue, is the tenor of a letter which Alexander & Oviatt, clothiers, received yesterday from E. H. Van Ingen & Co. of New York.

The local firm, finding that it would be impossible to get several patterns of light summer goods made up owing to a shortage of help, telegraphed the New York City firm, which is a large importer of fabrics, to know if certain numbers in light summer wear could be cancelled.

"We cheerfully cancel the order, as requested. Do not allow yourselves to be disturbed by the present clamor suggesting lower prices. All fine goods will be much higher for the spring of 1921 than they are at present."

Alexander & Oviatt stated further yesterday that one shirt firm telegraphed yesterday to say that it can sell its entire 1920 output to foreign countries at better prices than American retailers will pay, and that it need not look to a single American merchant for business this year.

C. A. Green's Tempted, Yields, Pays Twenty Dollars and Gets a Sore Head.

A drink of home brew yesterday cost C. A. Green of 413 West Temple street \$20 and a sore head, according to a report filed by him at Central Police Station.

Green says he met a "friend" early yesterday, who invited him to his home for a drink of home-made stuff. After drinking he went to sleep and when he awoke found himself on the street minus \$20. He was unable to remember the address of the house where he was given the liquor.

## HILLMAN FAMILY IN COURT AT SKIRMISH.

PRELIMINARIES TO TRIAL OF DIVORCE CASE HEARD BY JUDGE WELBORN.

The Hillman family was in Judge Welborn's court yesterday in the preliminary steps to the trial of the divorce suit of Mrs. Beadie Olive Hillman against C. D. Hillman, millionaire resident of Pasadena. Mrs. Hillman sat with five of her seven children. The two elder sons of Mr. Hillman were by his side. He was represented by Attorneys Joe Ford and Le Compté Davis. Mrs. Hillman was represented by Attorneys Degnan and Thompson.

The case came before Judge Welborn on an order to show cause why Mr. Hillman should not pay alimony, be restrained from disposing of his property interests and enjoined from occupying his Pasadena home of twenty-four rooms. These questions will be decided by the court this afternoon to which time the case was continued.

Mrs. Hillman occupied the stand all afternoon. She declared Mr. Hillman had not supported her for a long time. She said she had no money and was compelled to sell rugs from the house to supply the home. Her charge account at the grocery store was shut off, she declared. A portion of the time was devoted to a summary of Mr. Hillman's business interests here and

in Washington with which Mrs. Hillman seemed familiar. She asked for alimony of \$5000 a month, based on Mr. Hillman's reputed wealth.

Mr. Hillman declares, if it was not for outside influence he would be able to adjust matters satisfactorily with his wife. The couple surrounded by their children, had an excited colloquy in another courtroom earlier in the day. Affidavits on file state that Mrs. Hillman has a bad temper. She charges cruelty in her complaint.
